

# | HOW TO | NETWORK ONLINE

How to build your  
professional prospects  
remotely

## SOCIAL MEDIA

Use social media to socialise!  
From Twitter to LinkedIn you are  
able to build a professional  
network.

## EMAIL

Cold emailing can  
have impressive results. Let the  
receiver understand that you are  
interested in their experience and  
why specifically.

## VIRTUAL EVENTS

Conferences, roundtables and  
webinars. This will require some  
structure and organisation with a  
document to screenshare,  
presentation to keep participants  
interested or plan for interaction.

## TEAMS OR ZOOM

If you prefer chatting to people  
rather than a conversation over  
LinkedIn or email, try video  
conferencing. This could be more  
informal than a virtual event.

SERVICETEAM IT DESIGN AND DELIVER SOPHISTICATED  
CONNECTIVITY, NETWORK AND TELECOMS SOLUTIONS.
